

REPUBLIC OF KENYA

COUNTY GOVERNMENT OF KERICHO

**FINANCING LOCALLY-LED CLIMATE CHANGE ACTION PROGRAM GRANTS AND
WARD PROJECT PROPOSALS FOR FINANCIAL YEAR 2023/2024**

THEME: "Improving livelihoods, empowering communities"

A. FINANCING LOCALLY-LED CLIMATE CHANGE ACTION (FLLoCA)PROGRAM GRANTS

CCIS &CCRIG GRANTS FOR THE YEAR 2023/2024

At the core of FLLoCA are two intergovernmental fiscal grants that are, in principle available. The County Climate Institutional Support (CCIS) Grant, meant to help and incentivise county governments to get legal, institutional, and organisational arrangements in place to be able to budget, plan for and implement for Climate Change Adaptation through County Climate Action (CCA). The County Climate Resilience Investment (CCRI) grant, a performance-based grant to fund County Climate Action. The size of the CCRI grant for each county is partly determined by the county’s performance with regards to Climate Change Adaptation; the better a county performs, relative to all other counties, the more resources it will receive for CCA investments.

In the 15 months that the grant has been in place, through the programme, Kericho County has been able to receive the following grants in the year;

CCIS - Ksh. 22,000,000.00

CCRI (IDA)- Ksh. 129,483,528

CCRI (KfW)- Ksh. 73,909,371

The County has also played a crucial role in enabling the programme to reach its implementation stage through dedication of staff and financial contribution.

CHIEF OFFICER- CLIMATE CHANGE ACTION

B. KERICHO COUNTY CLIMATE CHANGE INVESTMENTS RESILIENCE GRANTS WARD PROJECT PROPOSALS FOR FINANCIAL YEAR 2023/2024
